

MINDCHAIN ECOSYSTEM

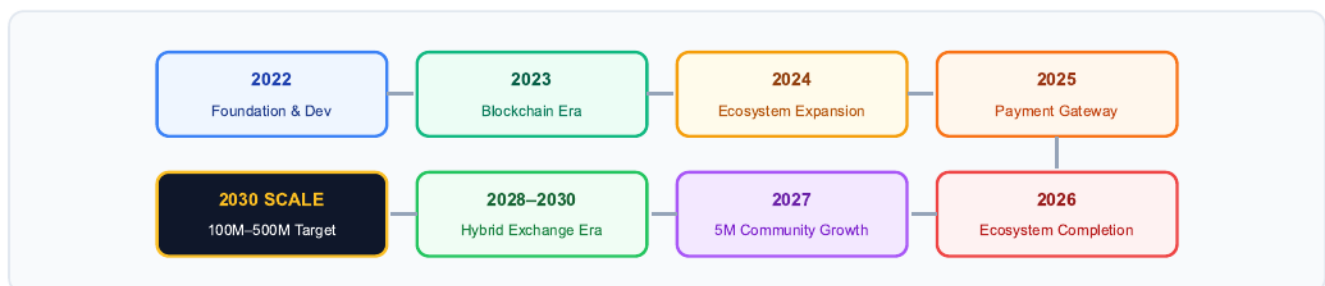

2022–2030 Official Strategic Roadmap

STRATEGY & VISION

1. Roadmap at a Glance

Year	Phase	Key Milestones
2022	Foundation & Development	Project Genesis • Whitepaper Published • Marketing & DeFi Research Started • Blockchain Development Initiated
2023	Blockchain Era	Blockchain Infrastructure Completed • CEX First Look Published
2024	Ecosystem Expansion	Full Ecosystem Announced • International Chain Verification • Web3/DeFi Integration • MindchainSwap DEX Published • CEX Public URL Launch
2025	Payment & Global Community	Native Payment Gateway Launched • Multi-Chain Payment Integration • International Community Expansion
2026	Ecosystem Completion	CEX Development Completed • Landing Page Live • Listings Started • MIND Coin Public Sale Q4 • Global Partner Announcement
Q4 2026 – Q1 2027	Market Expansion	Full-Volume Trading Launch Phase • CEX User Acquisition & Liquidity Operations
2027	Global Growth	Target: 5M Community • Hybrid Exchange Module Whitepaper Published
2028–2030	Global Exchange Era	Hybrid Exchange Development & Expansion • Global Exchange Ecosystem Scale
2030	Global Scale	Target: 100M–500M Global Community

2. Visual Roadmap Flowchart

3. Detailed Phase Breakdown (2022 – 2024)

2022 – FOUNDATION & DEVELOPMENT

PHASE 1

- Mindchain project officially started & initial ecosystem concept established
- Mindchain Whitepaper published establishing long-term blockchain vision
- Initial marketing activities, DeFi development & ecosystem research initiated
- Core blockchain architecture designed & active development started

 **Milestone:** Mindchain begins its journey, transitioning from concept to active blockchain development.

2023 – BLOCKCHAIN ERA

PHASE 2

- Mindchain blockchain infrastructure development completed
- CEX concept and First Look preview officially published
- Blockchain infrastructure prepared for ecosystem expansion

4. Detailed Phase Breakdown (2025 – 2027)

2025 – PAYMENT & GLOBAL COMMUNITY

PHASE 4

- Native Payment Gateway launched with multi-chain integration
- International community development accelerated and blockchain utility expanded
- Ecosystem products continue to mature toward production readiness

 **Milestone: Blockchain infrastructure begins connecting with payment and multi-chain utility.**

2026 – ECOSYSTEM COMPLETION

CRITICAL MILESTONE

Product & Infrastructure:

- CEX development completed & landing page live
- Exchange, DEX, DeFi, wallet & payment unified

Market & Token Launch:

- MIND Coin Public Sale – Q4 2026
- Token/coin listing activities & global partnerships

 **Milestone: Mindchain Ecosystem – Built & Ready for Global Expansion.**

Q4 2026 – Q1 2027 – FULL-VOLUME TRADING PHASE

MARKET LAUNCH

- MIND Coin official market launch & full-volume trading execution
- CEX trading expansion, liquidity development & market-maker operations
- Global marketing campaigns & aggressive CEX user acquisition

 **Target: Establish Mindchain as an actively used blockchain and trading ecosystem.**

2027 – GLOBAL COMMUNITY EXPANSION

TARGET: 5M USERS

Community & Expansion:

- Regional ambassador programs & Web3 partnerships
- Targeting 5 Million global active community

Technology & R&D:

- Hybrid Exchange architecture research & planning
- Hybrid Exchange Module Whitepaper publication

5. Hybrid Exchange Era & Global Scale (2028 – 2030)

2028–2030 – HYBRID EXCHANGE ERA

NEXT-GEN ARCHITECTURE

2028: Hybrid Exchange Development

- Hybrid Exchange architecture development integrating CEX + DEX infrastructure
- Advanced trading infrastructure & seamless Web3 wallet connectivity
- Multi-chain & global institutional partnership expansion

2029: Global Exchange Expansion

- Hybrid Exchange ecosystem expansion & international market penetration
- Large-scale Web3 integrations, global user acquisition & financial infrastructure

2030: Global Scale Execution

- Fully operational global hybrid exchange ecosystem
- Worldwide blockchain adoption across multiple integrated Web3 products

🎯 2030 Ultimate Community Target: 100 Million – 500 Million Users

6. The Mindchain Journey Summary

Year	Pillar Focus	Core Mission & Outcome
2022	Foundation & Dev	The vision, core blockchain & DeFi framework take shape.
2023	Blockchain Infrastructure	Core blockchain infrastructure becomes operational.
2024	Ecosystem Expansion	Web3, DEX, DeFi & CEX public URL infrastructure expands.
2025	Payment Utility	Blockchain connects with payment gateway infrastructure.
2026	Ecosystem Completion	Core ecosystem built, Public Sale launched, global expansion starts.
2027	Global Community	Targeting 5 Million active global users & Hybrid Whitepaper.
2028–2029	Hybrid Exchange	Next-generation CEX + DEX unified exchange launch.
2030	Global Scale	Targeting 100M–500M user community scale.

BUILD → INTEGRATE → EXPAND → TRADE → SCALE
