

MINDCHAIN COIN (MIND)

Official Tokenomics & Supply Structure Overview

TOKENOMICS

1. Core Token Specifications

Token Name	Mindchain Coin	Ticker	MIND
Blockchain	Mind Smart Chain	Consensus Engine	Proof of Stake (PoS)
Chain ID	9996	Maximum Supply	71,000,000 MIND
Current Total Supply	25,000,000 MIND	Current Circulating Supply	350,000 MIND
Public Sale Allocation	5,000,000 MIND	Public Sale Price	\$0.12 USD
Public Sale Bonus	3% Bonus	TGE Unlock	100% Unlock

2. Allocation Breakdown Visual Chart

TOKEN DISTRIBUTION (25,000,000 MIND CURRENT TOTAL SUPPLY)

3. Current Total Supply Allocation Table

Allocation Category	MIND Amount	Percentage	Strategic Purpose
Public Sale	5,000,000	20%	Public fundraising & community distribution
Liquidity	5,000,000	20%	DEX/CEX liquidity and market depth
Ecosystem & Rewards	3,750,000	15%	Staking, ecosystem incentives, users & partners
Development	3,750,000	15%	Blockchain, CEX, wallet, DeFi and infrastructure
Marketing & Growth	2,500,000	10%	Global marketing, KOLs, campaigns & community
CEX & Market Operations	2,000,000	8%	CEX support, market operations & liquidity management
Team & Advisors	1,750,000	7%	Core team and long-term contributors
Treasury & Strategic Reserve	1,250,000	5%	Future strategic requirements
Total Stated Supply	25,000,000	100%	Base Stated Allocation

4. Use of Funds — Public Sale

For the 5M MIND public sale allocation, fundraising proceeds are structured systematically to support trading liquidity, tech infrastructure, global marketing, and ecosystem security.

Use of Funds Category	% of Public Sale Funds	Purpose & Objective
CEX & DEX Liquidity	30%	Initial and ongoing trading liquidity
Marketing & User Acquisition	25%	KOL, community, campaigns and global promotion
Product & Blockchain Development	20%	CEX, wallet, DeFi, explorer and infrastructure
CEX Listing & Market Operations	10%	Listing-related and market infrastructure costs
Security & Audits	5%	Smart contract and infrastructure security
Operations	5%	Servers, technical operations and administration
Strategic Reserve	5%	Future ecosystem requirements
Total Usage	100%	Complete Fund Allocation Plan

5. Supply Architecture & Future Issuance

Supply Clarification & Dynamic

25,000,000 MIND is the current stated total supply, while 71,000,000 MIND is the maximum supply ceiling. The remaining 46,000,000 MIND represents unissued supply / future issuance capacity designated for long-term staking incentives and consensus rewards, rather than included in the current 25M base allocation.

Circulating Ratio Metrics

- **Circulating Ratio:** $5,000,000 / 25,000,000 = 20\%$ of total stated supply.
- **Current Circulating Supply:** 350,000 MIND.
- **Public Sale Structure:** \$0.12 Public Sale Price with 3% bonus and 100% TGE unlock.
